WORK FEEDBACK

- From April 2017 to October 2019 ● **NodeJS webapp for chat application**
Rikai Labs Remote
I worked with Alex regularly over a couple year period to add many features to our chatbot platform. He has a wide knowledge from the latest reactJS techniques, implementing registration systems, working with sockets... handling a wide variety of complex tasks. He was very reliable in meeting deadlines, and constructive discussing design goals. Highly recommended!
- From July 2018 to September 2018 ● **Admin panel work**
Private Person Remote
Alex was responsive, communicated well and delivered good results in a short space of time
